BAROCK PROJECT

ITALIAN PROGRESSIVE ROCK BAND

ABOUT THE BAND

CLASSICAL ROOTS, CONTEMPORARY SOUND

Barock Project is an Italian progressive rock band founded in 2003 by keyboardist and composer Luca Zabbini. The band fuses classical music, mainly baroque, rock and jazz into a sound that is entirely its own: melodic, dynamic and unmistakably contemporary.

After Misteriose Voci and Rebus, Coffee in Neukölln (2012), the first album written entirely in English, established the band internationally. Skyline (2015), featuring Vittorio De Scalzi and cover art by Paul Whitehead, was followed by Vivo (2016), Detachment (2017) and Seven Seas (2019).

The band has played RosFest in the United States, Tsutaya O-East and O-West in Tokyo, Prog Dreams in Holland and Night of the Prog in Germany, and opened for P.F.M. on their 2022 Italian tour. The latest albums are Time Voyager (2024) and the double live Live Voyager (2025).
